

## September Meeting Minutes

Cheryl Allen asked about the possibility of having the former grade 8s back for a grad celebration – unfortunately not at this time. We did as a staff have a conversation about how and what we could do should the time arise, such as a dance for example.

Jeff and Marcia members at large

Fran Community Rep

Regional Rep – no information yet, but once we know of dates we will provide the information to all Council and hopefully one or two can attend – probably will be virtual

Marcia said you have her email info to create this year's Council Address/Contacts

Spoke about Picture Day and how that went – excellent, students standing, in and out without touching anything, creating a process to have parents order and receive the photos online

Discussion about the yard, cohorts, movement of classes in and out of the school. Takes more time to have the students come and out of the school of course, maintain distance as much as possible, lining up with cohorts/classes only.

Students responding very well at the beginning to being on the yard and around their classmates. Getting a little more difficult now that they have been back in school and really would love to “play” as they did before, but they understand the rules are currently in place for a reason

All students in all grades are wearing masks. Confirmed that there are masks for students should they forget or something happens to theirs throughout the day.

Reviewed the illness protocol and illness letter and next steps.

Spoke about the government changing the school self-assessment as of October 2<sup>nd</sup>  
Hope that helps!
